

HGA 52 Gas space heaters, 23-55kW

Item Number: 0610124

HGA 52

Full power heating

>> These gas space heaters are the perfect choice when it comes to the quick and efficient heating of rooms and larger-sized spaces, be it for the heating of construction sites, storage areas, greenhouses or other similar applications. Multiple safety features such as the flame monitor and the thermal safety device make for a safe operation. Plus, all the heaters provide comfortable conditions and are easy to operate. Heater selector <<

Additional Advantages

- High degree of safety due to the flame control, the thermal safety device and the safety valve.
- DVGW (German Gas and Water Association) safety certification.
- High-quality components contribute to a long service life.
- Modular construction enables easy stacking of heaters.

Description	Metric	Imperial
Length x width x height	580 x 320 x 460 mm	23 x 13 x 18 in
Dry Weight	16.0 kg	35.3 lb
Shipping size	590 x 415 x 470 mm	23 x 16 x 19 in
Shipping weight (including packaging)	18.0 kg	39.7 lb
Thermal output	23 - 55 kWh	78,479 - 187,667 BTU
Air flow performance	1,400 m ³ /h	1,831 yd ³ /h
Temperature	42 - 110 °C	108 - 230 °F
Electrical power	125 - 145 W	125 - 145 W
AC Voltage	230 V	230 V
Max. Blower counterpressure	500 / 2,000 mbar	500 / 2,000 mbar
Gas consumption	1.64 / 3.93 kg/h	3.6 / 8.7 lb/h
Gas connection hose	1.5 m	4.9 ft

Standard Package - HGA 52

includes gas connection hose, locking valve, operator's manual and parts book

Please refer to our Price List and Ordering Guide for complete accessory information.

Specifications may change due to continuous product development. Users are advised to consult Wacker Neuson's Operator's Manual and website for specific information regarding the engine power rating. Actual power output may vary due to conditions of specific use.
